

SUNDAY SHEDS COAT, COLLAR IN MEN'S SERMON ON CHICKENS COME HOME TO RUSS!

Great, Says Evangelist at Close of Sermon as He Musses Hair of Men Who Stampede to Platform; Tells Them No One Should Live in Defiance of God's Laws

Coat, tie and collar off, shirt wide open at the neck, perspiration pouring from his face in streams, Billy Sunday stood at his pulpit yesterday afternoon fairly swamped with the rush of converts after his special sermon to men only. Down every aisle men pushed and shoved in an effort to reach the evangelist and the space immediately in front of the platform was packed in a moment.

Sunday leaned far out over the platform to reach the dozens of outstretched hands. He was laughing, talking, cheering, muttering unintelligible things to himself, even trying to sing—all at the same time. His clothing was thoroughly saturated with sweat, but he didn't once notice that. Billy Sunday was happy.

When he had made sure he had grasped the hand of the last trail hiker, he turned to leave the platform. But he was blocked by scores of laughing, perspiring men and boys. They shouted words of praise and cheer to the evangelist and pushed forward to the steps to greet him personally. Sunday forgot his exhaustion, forgot his aching, perspiring body, and rushed to them, hands outstretched. His Bible and note books were thrust into the hands of a nearby member of the party and he shook hands right and left, patted old friends on the back and ruffled up the hair of others.

"It's great!" he exclaimed breathlessly. "Oh, it's fine! What a crowd! SOME town!"

Laughs Like a Boy.

And he laughed like a happy boy. His spirit swept into the crowd and soon the choir loft was filled with men, young and old, laughing and shouting. "I am not unwell," he said, "I am just happy."

Only 10 converts can be counted only to that of a week ago yesterday morning. The crowd sat silent for perhaps 10 seconds after the invitation was extended. Then one, two, three, half a dozen men in the rear of the tabernacle rose and started down the aisles. Every few feet they were joined by others until when they reached the platform, the aisles were packed. And they almost fought to get to the platform and grasp the hand of Sunday.

Not all were converts. Only 10 professions of conversion were made. But many more men, backsliding Christians, rushed to the front to pledge themselves to work for Christ. Sunday had not asked them to do so; they came voluntarily. They realized that they were little better than sinners, and they wished to get back into the ranks and do something worth while.

Talks to 5,000 Men.

Sunday preached a wonderful sermon. He was talking to men only—5,000 of them. He spoke to them as he would have spoken to a friend. He gave facts—bare, plain facts and he didn't veil them in beautiful language. He made no attempt to lift off the rough edges or make them pleasing to the ear by using technical words and phrases. He had no respect for the finer senses. He didn't flatter. He spoke in the vernacular of the street. He called a spade a spade. He said some things that made even the men accustomed to such language self-conscious.

And therein lay the effectiveness of his sermon. He didn't call a spade a spade. He spoke in such a way that any man could feel to understand and realize, every man did realize; every one took those facts straight to himself. And when they saw and realized the value of those facts, they were determined to do everything in their power to wipe out a villain that made them so miserable. He made the rush to the platform at the conclusion of the talk.

Billy Sunday knows how to reach men. He is the kind that can go to the bottom of a man's soul.

into a crowd of strangers and five minutes later he was calling each one by his name. He gets the confidence of men immediately. He is one of them; he is no better than the man on his left. And he makes everyone realize this fact.

"Howdy, boss," he said laughingly to one of the converts as he grasped his hand. The man wore the clothes of a laborer. His face was rough and grim, his hands coarse. He left the platform smiling. He left the platform smiling.

Tent in White House Grounds Where President Works

President Wilson will do much of his work in the open air this summer. He has had erected for him a tent in the capitol grounds, and there he has worked several days already. The tent is hidden from the public gaze by the office building and the shrubbery and trees of the front lawn.

KEEPER DEVoured BY LIONS IN CAGE

One Tries to Protect Him, but Efforts Futile Against Combined Assault

CHICAGO, June 21.—Emerson D. Dietrich, Brooklyn manager of a theatrical production presenting a troupe of trained lions, was killed and partly devoured by six lions when he entered the cage in which they were caged. While the keepers were trying to recover Dietrich's body, a lion escaped from an adjoining cage and terrorized residents of the thickly populated quarter in which the cage stood before the animal was captured.

George McGowan, keeper of the lions, said that when Dietrich went into the cage and began to play with one of the lions, four of the animals were facing him. Finally one of them slunk around behind him and in a minute was on his back. The others leaped for him a moment later.

"Lalby," the oldest of the lions, tried to maul him, but the others pushed her away and she quit and watched them without joining in the attack.

The lions were owned by Madame Adgie Castillo, to whom Dietrich was engaged to be married.

International Sunday School Convention to Open in Chicago Today

CHICAGO, June 21.—Hundreds of delegates arrived today for the International Sunday School convention, which will begin here tomorrow and have its climax in a monster Sunday school parade next Saturday afternoon. Every man in Chicago who is connected with a Sunday school or religious society has been asked to participate in the parade.

Frederic B. Smith, the originator of the Men and Religion Forward movement; Dr. F. B. Mayer of London; Dr. Booker T. Washington, the Rev. Takeuchi Kakai and the Rev. H. Kawasume, both of Tokio, are among the speakers.

What Shall the End Be? Asks Evangelist of Big Audience; Urges All to Be Christians

Billy Sunday preached last night to the coldest crowd he has appeared before, since opening his campaign in Colorado Springs. He worked his "evil best" as he often describes his efforts, but he couldn't stir up the crowd to any great degree of enthusiasm.

It is unusual that Billy Sunday is forced to preach to an unenthusiastic audience, and it was a big surprise to many last night. It wasn't his fault; every one was just as indifferent and just as anxious to hear the evangelist as ever. Rather, it was as if the crowd was dazed, and that nothing could awaken it from its torpor.

Billy Sunday realized what he had to face as it was as he began to preach. He exerted every effort to awaken the people and to warm them up. He told story after story with a vividness that was almost startling. He shot facts, old facts dressed in new styles, straight from the shoulder, but they failed to take effect. He did his "evil best," but it didn't stir his audience.

An Old Night.

Sunday also had trouble with his physical works. They didn't respond to the call as they usually do, might, as he did not respond at all. It was simply an off night.

When the evangelist finally began to preach to the crowd of 10,000, he was met with a cold reception.

CARRANZA REPLY CHURCHES OBSERVE "HEALTH SUNDAY"

Philadelphia Throws Doors Open to Medical Men on Way to Convention

PHILADELPHIA, June 21.—"Health Sunday" was observed in more than 50 churches in this city today when prominent men from all sections of the country addressed the congregations on the fundamental principles of public health. Experts on their way to the annual convention of the American Medical association, which opens tomorrow at Atlantic City, urged a greater interest in housing problems, milk supply, segregation of contagious diseases, war on the social evil, the elimination of occupational diseases, child labor and playgrounds.

Dr. W. C. Rucker, assistant surgeon general of the United States public health service, declared the church should take an active part in demanding governmental regulation of factories, so that the race may not become weak and degenerated.

Denounces Segregation.

Dr. Howard A. Kelly of Johns Hopkins university denounced the segregation of vice and the liquor traffic as breeders of ill health as well as of crime.

Cancer was a topic for several experts, some of whom advocated the use of the knife in the early stages "for want of a known specific." The wide spread publicity given to the use of radium in an attempt to cure cancer was deplored, "because it has given rise to so much quackery."

First principles of health are laid down by Dr. W. B. Grant of Denver. "To be healthy," he said, "you are first the things that everyone knows, such as good food and exercise. That much starts a man or woman on the road to a long life. But there is another thing—inoculation. It means that all should take advantage of the great preventive measures which science has discovered. Not to be vaccinated is folly. For many diseases nowadays, there are many preventive measures of which all should avail themselves. The doctrine of immunity should rule. Far too many people catch diseases they might easily have prevented."

49 CASES COME BEFORE THE SUPREME COURT TODAY

WASHINGTON, June 21.—When the supreme court meets tomorrow it is expected to decide all of the 49 cases now before it, then take a recess until next October. Cases for decision include the intermountain rate proposition, the constitutionality of the old pipe line law, several important oil land cases and appeals involving state laws. Members of the court are seeking to establish a record of deciding all cases presented to the court in arguments during the year.

JAMES M. SWANK DIES

PHILADELPHIA, June 21.—James M. Swank, former vice president and general manager of the American Iron and Steel association, and widely known as an authority on iron and steel, died at his home here today from pneumonia of the lungs. He had been ill about three weeks.

HEAT WAVE IS BROKEN; WEEK OPENS WITH RAIN

WASHINGTON, June 21.—Unsettled, showery weather will prevail Monday over the northern districts of the Rocky mountains, the weather bureau predicted tonight, probably continuing Tuesday in the middle Atlantic states, with generally fair weather following.

Moderate temperatures will prevail during most of the week over the northern districts east of the Rocky mountains, the bulletin continued.

West of the Rocky mountains, fair weather will prevail with moderate temperatures, although somewhat higher by Tuesday over the northern districts.

NEW MEDIATION PLAN SUGGESTED PROCEEDINGS CONTINUE INDEFINITELY

Delegates and Mediators Will Get Down to Business This Week

NIAGARA FALLS, Ont., June 21.—The mediators today proposed a new course of action which not only will prolong the proceedings, but may eventually work out a solution of the Mexican problem.

The nature of the plan, which is designed to prevent the deadlock between the American and Mexican delegates from abruptly ending the conference, has been closely guarded. It became known, however, that another effort was being made to bring the Constitutionalists into closer touch with the purposes of mediation without formally admitting them. The suggestion contemplates separate conferences between the American delegates and representatives of the Constitutionalists.

Justice Lamar and Frederick W. Lehmann would continue their dealings with the Urueta delegates through the mediation board. In this way all elements in the Mexican situation would be drawn together and there would be no necessity for the declaration of an armistice until some agreement was reached and approved by the Constitutionalists.

"Paper Agreement."

The plan was said to be a result of the visit of Minister Naon of Argentina to Washington, where President Wilson is understood to have emphasized the written statement of Justice Lamar that any agreement reached by the mediation board, which was not approved by the Constitutionalists, would be a "paper agreement" and would not accomplish the sole purpose of the United States—the pacification of Mexico.

It was reported tonight that the Washington government already had extended an invitation to General Carranza to send his representatives to Niagara Falls, N. Y., to confer with the American delegates, but confirmation was lacking. The reported departure of Fernando Iglesias Calderon, leader of the Liberal party, from Saltillo for Washington, presumably to take charge of Constitutional interests in the United States, was believed.

ZACATECAS ATTACK IS RESUMED WHEN GEN. VILLA ARRIVES

Three New Positions Taken by Rebel Forces; Casualties Not Known at Present

SALTILLO, Mexico, June 21.—Fighting has been resumed at Zacatecas under the direct command of General Villa, according to dispatches received here. It was said that three positions held by the federals had been captured by the Constitutionalists, but their location had not been made clear. No report of the casualties has been received. News is expected at any moment that General Obregon has attacked Guadalajara.

Rebels Extend Territory.

SALTILLO, Mexico, June 20.—(Via Laredo, Tex., June 21.)—The entire northern part of the state of Vera Cruz and most of the state of Puebla now are under control of the Constitutionalists, according to announcement at General Carranza's headquarters today.

Gen. Nicolas Flores reported by telegraph that he had taken the town of Orizaba, in the state of Hidalgo, and placed himself and 400 men at the orders of General Carranza. A report signed by more than 1,000 citizens of that town declared civil government and municipal office had been established by a popular election. General Flores heretofore has not been able to communicate with headquarters. It was reported also that municipal officers had been named by popular vote in many towns in Puebla.

30,000 Men Near Saltillo.

With the establishment of telegraphic communication to that region General Carranza today gave orders to General Camacho and other chiefs of the central states.

Thirty thousand men have been concentrated near here in preparation for a campaign toward the south and trains are arriving daily from the north with troops of General Gonzalez, commanding the army of the northeast.

Governor Pastor Rouix of Durango and Generals Murguía, Elizondo and others arrived during the week and conferred with General Carranza regarding the southern campaign.

SECEDERS AT BUTTE FORM A NEW UNION

Western Federation of Miners Ignored in Organization of New Local

I. W. W. FACTION CONTROLS Labor Situation Has Reached a Crisis, Moyer Unable to Restore Order

BUTTE, Mont., June 21.—Seceders from the Western Federation of Miners launched an independent miners' union today, rejecting peace overtures from President Charles H. Moyer and his associates. They elected as temporary president M. McDonald.

"There is little hope of compromising the two factions, and with the issue sharply drawn, an open breach is expected within a few days. Federation officials threaten to import miners to fulfill the contracts with the operating companies."

The mass meeting today was attended by 3,000 miners. All votes were given by acclamation. The officers addressing the assembly through megaphones. The report of the executive committee, in whose hands had been left the drafting of the insurgents' policy, was adopted without change. It provided for the eventual formation of a permanent organization. Temporary headquarters will be established and an assessment of 50 cents per month levied. The membership roll will be opened Tuesday morning.

Ignore W. F. of M.

No official notice was taken of the Western Federation, and President Moyer had no one present to offer compromise. Unofficially it was declared that the seceders' reason for not accepting advances from the Federation of Labor was determined opposition to the national as well as local officers and a strong desire not to be affiliated with any national organization.

The future policy of the federation will be announced at two meetings on Tuesday. Persons interested in a compromise hoped that the insurgents would not take any definite action until Moyer had had an opportunity to outline his policy. The seceders have an executive committee of 30, a majority of whom are known to be members of the Industrial Workers of the World. The chairman of the committee is J. E. Bradley, one of the leaders of the Industrial Workers of the World in Butte.

All Officials Resign.

The regulars of the Butte local of the Western Federation of Miners, under the leadership of Moyer, obtained yesterday from the present officers of the local union and the recently elected officers who are to take office in July, their resignations, hoping to hold a new election and thereby save the Butte local from being disrupted.

Moyer last night announced that he had the resignations and that the committee had been instructed to save the Butte local.

ZOOZ TAKE THRILLING GAME FROM K. & B.

Hastings' Peg in Ninth Saved a Tie Score

LOMAX UNHITTABLE UNTIL THE SIXTH INNING

Shot to the core with sunshine (to quote from Chamber of Commerce literature), as well as thrilling plays and a prolific pelting, the game at Zooz park yesterday afternoon between the Zooz and the K. & B. of Denver proved a fascinating affair until the last man had gone out in an attempt to tie the score in the ninth on a sacrifice fly to left field. The Zooz won and the final reckoning showed them with the long end of the 3-2 score.

Young Master Lomax worked away like a winner until the sixth inning, allowing but one hit, and that a scratchy, cheeky affair that was laid down slowly to third base. But in the sixth the Packers began to peek away at his stuff and finally nicked him for a brace of walks and three singles in a row that seemed to take his heart out. They scored four runs in this heat and in the next put over three more, much to the discomfort of Captain Jacob Geiser. Lomax was kept in the pit and in the ninth had a narrow escape, the tying run being cut off by a perfect peg by Irving Hastings, of the left meadow.

The fielding of Dennison in center for the enemy was one of the sprightly features of the game. This gardener covered most of the outfield, and without assistance made eight put-outs, two of them after hard runs in the timber.

The hitting and fielding of the locals showed great improvement. Schneider, of course, has an off day, due to his experiments on the effects of walking upon rusty nails in one's sleep. He made two wild ones, one of which, if properly propelled, might have cut off a run at the plate on a squeeze play.

Geiser Comes Back. Captain Geiser has finally won his home with the fans and they have ceased to some extent their continual jibes and jests hurled at the big Celt in third. He hit two terrific smacks to the trees in center field, making two and three bases, respectively, on them. Miller and Hastings were the other slugs of the meadow, both amassing big hits. Hastings classified a triple in center field, but stumbled on third, and Carden, who was coaching, gave him a little help and umpire Goshen thumbed him out.

Not a K. & B. reached first until the fourth, when Rogers laid down a bunt. Rogers appeared to be the fastest thing on bases seen around there, and beat out his hit. He died in the fifth. Riley drew a base on balls, stole second and was sacrificed to third, but failed to score.

Two Runs in First. Taking up the argument for the Zooz, we find them running things for two runs in the first inning. Miller hit to left field and Block missed the ball, but recovered it in time to catch Miller at second. Reed fled out and two were down. Hastings singled and scored when Geiser cracked out his triple. Geiser crossed the rubber when Schneider drove one to Dennison, and it was handled faultily.

In the fifth, the Zooz pulled some good base running, and aided by the flicks goddess of the national sport, hung up four tallies. Fowler opened

the batting, and the Zooz won.

VILLA DENIES STORY OF CHAO'S EXECUTION

Also Denies General Angeles Has Not Been Proclaimed President

TORREON, Coahuila, Mexico, June 21.—Rumors that General Angeles had been proclaimed provisional president by General Villa, and that General Chao had been executed were denied today by General Villa himself as soon as the reports reached his headquarters here. General Villa said that he had heard nothing of General Angeles' dismissal from Carranza's cabinet, as reported from San Antonio.

Chao was slain here two days ago as he was about to entrain his troops to move against Mexico City. Angeles has been near Zacatecas with the artillery brigade for the last four days. The report that Angeles had been made provisional president was received at headquarters here with frank surprise.

"The story that I executed General Chao is a malicious lie," declared General Villa. "General Chao is with the division of the north near Zacatecas and far from being dead. Two days ago he was a guest at my house, and the two of us parted on the best of terms. The story is a fabrication. I must say the same of the rumor that I proclaimed General Angeles provisional president of the Mexican republic. I have done nothing of the sort, no matter who says so, and nothing has been further from my mind. As to the lie that General Carranza is secretary of war I know nothing."

CARRANZA OFFICIALS MAY BE REINSTATED

Efforts Being Made to Effect Truce Between Rebel Chief and General Villa

EL PASO, Tex., June 21.—Efforts were made today by Carranza agents to secure the return to Juarez of the national officials ejected by Villa's military agents from their offices, and the return to the national treasury of the 1,000,000 pesos in Constitutional paper confiscated by the troops. Roberto Pesqueira, Villa's agent, held a long conference this afternoon at which this matter was discussed.

The Carranza element expressed the belief that only the reinstatement of Scarpia Aguilar, the national treasurer, H. Perez Abreu, publicity agent of the department of education, and other of Carranza's appointees could the matter be adjusted satisfactorily, although those arrested were reported as having been given their liberty at Chihuahua City.

Alberto Pani, one of Carranza's officials at Juarez, who escaped arrest, left today for Saltillo to confer with the Constitutional leader about the situation in the north. Presqueira will remain on the border.

Spaniards Can Return.
General Villa's agent here, De la Garza, issued a statement from his chief regarding the return of the Spanish colonies of the Laramie district in Coahuila, who were sent to the border after the taking of Terreon. Villa said that while the Spanish colony in general had been active in assisting the Huerta government, he would allow the return of those who had not taken sides.

It was announced that General Obregon, commander of the western military zone, with the approval of General Carranza, had named Gen. M. M. Diegues as military governor of Jalisco. Diegues has established his capital at San Marcos, within a short distance of Zacatecas, state capital and federal stronghold, about to be attacked by Obregon's troops.
